

CNN News Highlights — Disney's Newest Park

1) Abu Dhabi	2) future-oriented	3) Middle East	4) resort	5) technologically advanced	6) United Arab Emirates
--------------	--------------------	----------------	-----------	-----------------------------	-------------------------

Now to some news to excite Disney fans around the world. The company announced its newest park — this one is set to open in ____ in the _____. It'll be the first Disney park and ____ in the _____, and it promises a ____ and ____ experience. Our Natasha Chen has more on what Disney is planning for its now seventh park location.

Hi Natasha.

1) a big deal	2) announced	3) destination	4) generation	5) global	6) theme park
---------------	--------------	----------------	---------------	-----------	---------------

Hi Coy. Well, Disney has ____ that their seventh ____ theme park ____ is going to be in Abu Dhabi in the United Arab Emirates.

This is ____ because Disney has not announced a new theme park in 15 years. The last time they told us they were building a new ____ was for Shanghai Disneyland, so this is the first in a ____.

And what they plan to do is make this the most technologically advanced park they've ever built. That means it's going to look a little bit different.

1) access	2) accessible waterfront	3) actually	4) artist rendering	5) castle	6) crystal spiral structure
-----------	--------------------------	-------------	---------------------	-----------	-----------------------------

The ____ that they've shown us so far shows a ____ in the middle of the park, like they have in all their other parks — but this castle looks a little different. It's got this ____ going on, and they're saying that this is the first theme park they have that will ____ have an ____ that they'll let guests ____.

1) attractions	2) desert	3) extreme temperatures	4) immersive gaming	5) technological challenge	6) vice versa
----------------	-----------	-------------------------	---------------------	----------------------------	---------------

And they're also going to play with some _____. They say that, for example, what you might see on Fortnite and experience there could translate into what you might do in this park — and _____. So there's a lot of ____ here, as well as some challenge with how they're going to build a park with all these rides and ____ in a ____ area, where there could be really ____ in the summer.

1) audience	2) fully air-conditioned	3) in fact	4) look forward to	5) region	6) take a shorter flight
-------------	--------------------------	------------	--------------------	-----------	--------------------------

There are some other theme parks and water parks in the ____ already, some of which are largely indoors and ____ so people can enjoy themselves. Now, why did Disney choose Abu Dhabi? They already have theme parks in the United States — in California and Florida — and in Paris, Shanghai, Hong Kong, and Tokyo. Now they're talking about the Middle East because they really want to reach an ____ in India. A lot of people in India could ____ to Abu Dhabi than to, for example, the Shanghai or Hong Kong Disney parks.

There's a lot to ____ here — but you know, it takes a long time to build a theme park. Five to ten years, _____. So this may not open until the early 2030s, Coy.

Translation

現在來看看一則會讓全球迪士尼粉絲興奮的消息。迪士尼公司宣布他們最新的主題樂園即將開幕——這次將設於阿拉伯聯合大公國的阿布達比。這將會是中東地區第一座迪士尼主題樂園與渡假村，並承諾帶來最先進、面向未來的體驗。我們的記者陳采妮（Natasha Chen）帶來更多關於迪士尼第七座主題樂園的規劃消息。

嗨，Natasha。

嗨，Coy。迪士尼已經宣布，他們全球第七個主題樂園將落腳於阿拉伯聯合大公國的阿布達比。這是一件大事，因為迪士尼已經有十五年沒有宣布要建新主題樂園了。上一次他們說要蓋新樂園是上海迪士尼，所以這次可說是一整個世代以來的首次。

他們的計畫是打造史上最具科技感的樂園。也就是說，這個樂園會和以往的有些不同。

他們目前公開的設計圖顯示，樂園中心會有一座城堡，就像其他迪士尼樂園一樣——但這座城堡的造型不太一樣，採用了水晶螺旋的結構設計。他們也表示，這將會是迪士尼第一座擁有可讓遊客親近的親水區域的樂園。

此外，他們還將導入沉浸式遊戲體驗。他們舉例說，像是你在《要塞英雄》（Fortnite）中看到或體驗到的場景，有可能會延伸到這個樂園裡的活動中，反之亦然。因此，在科技方面有很大的挑戰，同時在建設方面也有不少困難，因為要在沙漠地區打造這些遊樂設施與景點，夏季氣溫極高將是一大挑戰。

該地區其實已經有一些主題樂園與水上樂園，其中不少是完全室內並配有空調，讓遊客可以舒服地遊玩。那為什麼迪士尼會選擇阿布達比呢？目前迪士尼在美國（加州與佛羅里達）、巴黎、上海、香港和東京都設有主題樂園。現在他們將目光轉向中東，是因為他們希望吸引印度的遊客。對許多印度人來說，飛往阿布達比的距離比飛去上海或香港的迪士尼要近得多。

這次的計畫確實令人期待——不過大家也知道，建一座主題樂園可不是一朝一夕的事，往往需要五到十年的時間。所以，這座樂園可能要到 2030 年代初期才會開放，Coy。

1) Abu Dhabi	2) future-oriented	3) Middle East	4) resort	5) technologically advanced	6) United Arab Emirates
--------------	--------------------	----------------	-----------	-----------------------------	-------------------------

Now to some news to excite Disney fans around the world. The company announced its newest park — this one is set to open in 1) Abu Dhabi in the 6) United Arab Emirates. It'll be the first Disney park and 4) resort in the 3) Middle East, and it promises a 5) technologically advanced and 2) future-oriented experience. Our Natasha Chen has more on what Disney is planning for its now seventh park location. Hi Natasha.

1) a big deal	2) announced	3) destination	4) generation	5) global	6) theme park
---------------	--------------	----------------	---------------	-----------	---------------

Hi Coy. Well, Disney has 2) announced that their seventh 5) global theme park 3) destination is going to be in Abu Dhabi in the United Arab Emirates.

This is 1) a big deal because Disney has not announced a new theme park in 15 years. The last time they told us they were building a new 6) theme park was for Shanghai Disneyland, so this is the first in a 4) generation. And what they plan to do is make this the most technologically advanced park they've ever built. That means it's going to look a little bit different.

1) access	2) accessible waterfront	3) actually	4) artist rendering	5) castle	6) crystal spiral structure
-----------	--------------------------	-------------	---------------------	-----------	-----------------------------

The 4) artist rendering that they've shown us so far shows a 5) castle in the middle of the park, like they have in all their other parks — but this castle looks a little different. It's got this 6) crystal spiral structure going on, and they're saying that this is the first theme park they have that will 3) actually have an 2) accessible waterfront that they'll let guests 1) access.

1) attractions	2) desert	3) extreme temperatures	4) immersive gaming	5) technological challenge	6) vice versa
----------------	-----------	-------------------------	---------------------	----------------------------	---------------

And they're also going to play with some 4) immersive gaming. They say that, for example, what you might see on Fortnite and experience there could translate into what you might do in this park — and 6) vice versa. So there's a lot of 5) technological challenge here, as well as some challenge with how they're going to build a park with all these rides and 1) attractions in a 2) desert area, where there could be really 3) extreme temperatures in the summer.

1) audience	2) fully air-conditioned	3) in fact	4) look forward to	5) region	6) take a shorter flight
-------------	--------------------------	------------	--------------------	-----------	--------------------------

There are some other theme parks and water parks in the 5) region already, some of which are largely indoors and 2) fully air-conditioned so people can enjoy themselves. Now, why did Disney choose Abu Dhabi? They already have theme parks in the United States — in California and Florida — and in Paris, Shanghai, Hong Kong, and Tokyo. Now they're talking about the Middle East because they really want to reach an 1) audience in India. A lot of people in India could 6) take a shorter flight to Abu Dhabi than to, for example, the Shanghai or Hong Kong Disney parks.

There's a lot to 4) look forward to here — but you know, it takes a long time to build a theme park. Five to ten years, 3) in fact. So this may not open until the early 2030s, Coy.
