---------------	----------------------	----------------	-------------	------------------	-----------------------------

And her _____, including these _____ where she's inserted into _____, has some major movie stars speaking out because there are _____ who are actually interested in _____. The _____ behind this whole thing is Particle 6 Productions.

1) creative work	2) imagine	3) not meant to be	4) open fresh possibilities	5) puppetry	6) taking away from
------------------	------------	--------------------	-----------------------------	-------------	---------------------

They say Tilly is _____ a replacement for a human being, rather a _____ all its own — adding, quote, "Just as animation, _____, or CGI _____ without _____ live acting, AI offers another way to _____ and build stories."

1) actors' union	2) camera operators	3) farmers	4) heck	5) outraged	6) pretended
------------------	---------------------	------------	---------	-------------	--------------

Now, the largest _____, SAG-AFTRA, is _____. Mara Wilson, who you may know from the original *Matilda* movie, said, quote, "You didn't make this. Hundreds of real workers, real photographers, _____, _____, even _____ made this. You took their work and _____ it was yours."

1) desire	2) Have at it	3) perform their art	4) pose a threat	5) realistic animated character	6) souped-up cartoon
-----------	---------------	----------------------	------------------	---------------------------------	----------------------

All right, time to press pause or remember this for later. This is a great conversation with your class, friends, or family. What do you think? Do AI actors _____? Should real humans be worried? Or should AI actors be seen as nothing more than a really _____, like a _____? Do you think we'll always have the _____ to see real human actors _____? If so, why? _____. Discuss.

Translation

我們從洛杉磯開始，一位由 AI 生成的女演員正引發真人演員的強烈反彈。請看這支來自名為 Tilly Norwood 的 Instagram 帳號的影片。她看起來是一位年輕女性，分享自己追求演藝生涯的貼文。「讓我們彼此認識一下，謝謝收看。」

她的數位存在，包括那些把她嵌入到理論電影場景的片段，讓一些大牌影星出面發聲，因為確實有經紀人有意願簽下她。這整件事背後的 AI 新創公司叫作 Particle 6 Productions。

他們表示，Tilly 並不是要取代真人，而是本身就是一件創作，並補充說：「就像動畫、木偶戲或電腦特效帶來新的可能性，並不會奪走現場演出的價值一樣，AI 也提供了另一種想像與建構故事的方式。」

而最大的演員工會 SAG-AFTRA 則相當憤怒。你也許在經典電影《Matilda》裡認識的演員 Mara Wilson 說：「這不是你做的。數以百計的真正工作者、真正的攝影師、攝影機操作員，老實說，連農夫都參與了。你把他們的成果拿來，假裝是你的。」

好了，先暫停一下，或把這段記下來等會兒再談。這很適合和你的同學、朋友或家人討論。你怎麼看？AI 演員是否構成威脅？真人演員該擔心嗎？還是說，AI 演員不過是非常逼真的動畫角色，像是升級版的卡通？你覺得我們是否始終會渴望觀賞真人演員的藝術表演？如果會，為什麼？請開始討論。

Answers

1) appears	2) AI-generated actress	3) drawing intense backlash	4) get to know each other	5) Instagram account	6) pursuing
------------	-------------------------	-----------------------------	---------------------------	----------------------	-------------

We begin in Los Angeles, where an 2) AI-generated actress is 3) drawing intense backlash from real human actors. Take a look at this video from an 5) Instagram account with the name Tilly Norwood. She 1) appears as a young woman who posts about 6) pursuing an acting career.

"Let's 4) get to know each other, and thanks for watching."

1) AI startup	2) digital existence	3) signing her	4) snippets	5) talent agents	6) theoretical movie scenes
---------------	----------------------	----------------	-------------	------------------	-----------------------------

And her 2) digital existence, including these 4) snippets where she's inserted into 6) theoretical movie scenes, has some major movie stars speaking out because there are 5) talent agents who are actually interested in 3) signing her. The 1) AI startup behind this whole thing is Particle 6 Productions.

1) creative work	2) imagine	3) not meant to be	4) open fresh possibilities	5) puppetry	6) taking away from
------------------	------------	--------------------	-----------------------------	-------------	---------------------

They say Tilly is 3) not meant to be a replacement for a human being, rather a 1) creative work all its own — adding, quote, "Just as animation, 5) puppetry, or CGI 4) open fresh possibilities without 6) taking away from live acting, AI offers another way to 2) imagine and build stories."

1) actors' union	2) camera operators	3) farmers	4) heck	5) outraged	6) pretended
------------------	---------------------	------------	---------	-------------	--------------

Now, the largest 1) actors' union, SAG-AFTRA, is 5) outraged. Mara Wilson, who you may know from the original *Matilda* movie, said, quote, "You didn't make this. Hundreds of real workers, real photographers, 2) camera operators, 4) heck, even 3) farmers made this. You took their work and 6) pretended it was yours."

1) desire	2) Have at it	3) perform their art	4) pose a threat	5) realistic animated character	6) souped-up cartoon
-----------	---------------	----------------------	------------------	---------------------------------	----------------------

All right, time to press pause or remember this for later. This is a great conversation with your class, friends, or family. What do you think? Do AI actors 4) pose a threat? Should real humans be worried? Or should AI actors be seen as nothing more than a really 5) realistic animated character, like a 6) souped-up cartoon? Do you think we'll always have the 1) desire to see real human actors 3) perform their art? If so, why? 2) Have at it. Discuss.
